To the best of my knowledge the above is true and correct. If I ever have any changes in my health, I will inform the doctors at the next appointment.

Name of Patient_____Date_____

Signature of Patient:_____

(Signature of parent or guardian if patient is under age 18)

ACCOUNT RESPONSIBILITY

Our office strives to provide the best quality of care that we can. We will do our best to help make the billing process easy for our patients, but we will need your help in some cases. It is important that you

Payment is due at the time of service, including any deductibles or co-payments. We accept the following forms of payment:

- Cash, credit card (Master Card, Visa, American Express, Discover), Care Credit, or check

Accounts with a balance over 60 days will be turned over to Cornerstone Collection Agency. We have a payment plan option which can be discussed; however, if payments are missed, your account will be turned over to collections. Once an account has been referred for collection, the doctor-patient relationship is considered terminated. Your records will be sent to the dentist of your choice.

Insurance Billing – As a professional courtesy, we will be happy to bill your insurance and help you receive your maximum allowable benefits. In order to achieve this, it is important to understand the following:

- It is the patient's responsibility to provide all dental insurance plans at your initial appointment and any former dental visits at other offices that may affect payment.
- Our office staff will calculate a treatment plan for the recommended treatment (if any) based on the information provided by the insurance company upon verifying at your appointment. The quote that will be given is an **estimate** and any remaining balance after the insurance has been billed and has paid their portion, will be the patient's responsibility. Your insurance policy is strictly between you and your insurance company.
- We offer payment plans to help with the copay, but any balance that is not being actively paid for in 60 days will be sent to collection.

Adult Medicaid (21 and over)

- You have a total of **$1150** in dental benefits to use toward dental work each fiscal year (July 1st to June 30th).
- Although we check the amount that you have available for use, it is your responsibility to disclose any other dental visits you have had during the last year, so we can accurately calculate how much have left to utilize. If you do not disclose any former dental visits and the Medicaid office gives us an inaccurate amount that you have available, you will be responsible for the remaining balance on your account.

understand the financial policy in place so we can make a seamless process for our patients. Please read the following financial policy and sign after reading. Please feel free to ask if you have any questions.

By signing my name below, I certify that I have read the above information. Any questions concerning these policies have been discussed. My signature also certifies my understanding of and agreement with the above policies. I understand that I am responsible for all charges not paid by insurance.
